March, 1885.

Selectmen's Report.

GENTLEMEN:—We will not attempt to give you an elaborate report, but will just say a few words in relation to our doings through the year. We take pleasure in congratulating the town on its present *financial standing*. Our list of abatements may seem large, but when it is considered that we have abated on five collectors' lists, it is not a large amount; and we have not abated any tax, unless, in our judgment, we had good reason for so doing. And furthermore we have collected for the town more than double, in interest from the several collectors, to cover all abatements. We have not paid any very large bills for damage on the highways, and have succeeded in keeping the town free from any law-suits. Our highways and bridges have cost more than at some times, but our breaking roads have been less. We have taken several deeds from the collectors for land sold for taxes. But, Gentlemen, you can see by examining the printed accounts, how your financial affairs have been conducted, better than any other way, and we deem it unnecessary to say more.

All of which is respectfully submitted.

JAMES A. MILLER,
EBEN E. BERRY,
DANA P. JONES,
} Selectmen of New Durham.
